DISCIPLINE

Discipline is the bridge between goals and achievements

What Is Discipline?

Discipline means training oneself to do what needs to get done, when it needs to get done. It means doing what you said you were going to do. Keeping your commitments. Following through with what you set out to accomplish.

Self-discipline is special in that it specifically involves you. It's about being internally motivated. That means nobody has to remind or bug you to do something. You will accomplish it by yourself.
